GLASSTECH ASIA 2021 FENESTRATION ASIA 2021

About Glasstech Asia / Fenestration Asia Online Conference

Coined "The Glass Hub of Southeast Asia", Glasstech Asia focuses on all things glass. As part of the Glasstech Asia series, the first edition of the online conference was held on the 17 - 18th November 2020. Covering trending key topics such as sustainability, architectural design, market trends, product innovations, and future policies, the online conference featured interactive expert discussions and tech talks.

Furthermore, as an affirmation to aid industries to develop and innovate, the conference was graced by reputable and experienced industry professionals from around the world, including special guest speakers. Overall, the online conference was a huge success, drawing over **200 attendees** over the span of 2 days.
