Glasstech Asia / Fenestration Asia 2020: up-to-date information related to the coronavirus

Glasstech Asia / Fenestration Asia 2020 goes online – next Glasstech Asia / Fenestration Asia: 16-18 November, 2021, IMPACT Bangkok, Thailand

The Covid 19 pandemic also has a massive impact on the construction and fair industry. Because the worldwide development of travel restrictions is not foreseeable, we have decided to offer an online platform in 2020, on which current topics of the glass industry will be discussed. The Glasstech Asia Online Conference 2020 will be held for the first time.

Following the acquisition of Glasstech Asia / Fenestration Asia by Messe München, the leading trade fair for glass production, processing and machinery in the ASEAN region is to be expanded even further. The premiere of Glasstech Asia / Fenestration Asia - powered by BAU and BAU China must now be postponed by one year due to the Covid-19 pandemic.

"It is tremendously important to us to offer a secure platform for all participants in the exhibition. Due to the current situation we cannot guarantee a Glasstech Asia / Fenestration Asia - powered by BAU and BAU China that meets our and our customers requirements. In the meantime, we will continue to develop and digitally complement the fair." explains Dr. Reinhard Pfeiffer, Deputy Managing Director of Messe München.

How things will continue has already been decided. "First of all, we are planning an online conference, the Glasstech Asia Online Conference, which will be held on 17 November 2020. Thus, despite the difficult situation, we are providing a platform for the exchange of the latest trends and innovations in the industry. Next year, Glasstech Asia / Fenestration Asia - powered by BAU and BAU China will then be held for the first time under the direction of MMI Asia and Messe München. We are looking forward to an even higher quality trade fair with a new international supporting programme," adds Michael Wilton, General Manager of MMI Asia. The trade fair will act as an important catalyst for a successful time after the crisis and help the industry to emerge stronger from the current exceptional situation.

Further information on Glasstech Asia / Fenestration Asia 2021 - powered by BAU and BAU China, as well as on the Glasstech Asia Online Conference will be available soon on our website.

We look forward to the next events and apologize for any inconvenience.

Press release

Glasstech Asia / Fenestration Asia

Coined "The Glass Hub of Southeast Asia", Glasstech Asia is an annual rotating exhibition that focuses on all things glass. From glass manufacturing, processing and machinery to accessories, raw materials and finished glass products, the three-day event brings together the best of the Southeast Asian glass and glazing sector, along with high-powered symposiums, forums, workshops and an exciting Glass Installation Competition. Glasstech Asia and the concurrent Fenestration Asia will focus on new industry standards in sustainability, automation and energy-efficiency to meet and satisfy the increasing global demands for eco-friendly windows, doors and facades. With a focus on green and smart fenestration technologies to bring about a more sustainable, energy-efficient and liveable future, the exposition is geared towards helping both the architecture, building and construction sectors and countries meet their energy targets.

Messe München

Messe München is one of the leading exhibition organizers worldwide with more than 50 of its own trade shows for capital goods, consumer goods and new technologies. Every year, a total of over 50,000 exhibitors and around three million visitors take part in more than 200 events at the exhibition center in Munich, at the ICM – Internationales Congress Center München and the MOC Veranstaltungszentrum München as well as abroad. Together with its subsidiary companies, Messe München organizes trade shows in China, India, Brazil, Russia, Turkey, South Africa, Nigeria, Vietnam and Iran. With a network of associated companies in Europe, Asia, Africa and South America as well as around 70 representations abroad for over 100 countries, Messe München has a global presence.
