6-9 November 2025

ASIA FAÇADE & GLASS CONFERENCE 2025

As an integral component of Glasstech and Fenestration Asia's educational community, the upcoming three-day conference anticipates the participation of over 2,000 professionals from the Southeast Asian built environment sector. This event offers a vital platform for individuals within the glass and façade industry to stay abreast of the latest market trends and innovations, thereby ensuring their competitiveness in this rapidly evolving field.

When crafting your abstract, consider the overarching themes, the preferred learning methods of your audience, and the most effective format for delivering your message.

- **Harmonizing Nature and Architecture: Sustainable Innovations for Indonesia**
- **Shaping Indonesia's Skyline: Modern Façade Solutions for Urban Growth**
- **Tomorrow's Vision: Pioneering Glass and Façade Trends for Indonesia**

The conference explores how Indonesia's architecture can embrace sustainability through innovative glass facades and efficient Lean Construction practices, all while considering the latest regional trends in green design.

Target Audience: Architects, Builders, Engineers, Traders, Glass and Façade Business Owners, Glass Processors, Manufacturers, Contracting and Consulting Providers, etc.
