Event Highlights

CONFERENCE

The Asia Facade and Glass Conference spanned two days of industry insights. Day 1, led by VGBC, focused on green building and façade trends.

Day 2 with BM Windows' support, explored innovations and challenges shaping Asia's architectural and glass sectors, inspiring new perspectives and foster connections across the region's architectural and glass industries.

INTERNATIONAL PAVILION

The first-ever International Pavilion at Glasstech Asia and Fenestration Asia 2024 featured exhibitors from Italy, Japan, Germany, South Korea, and the UK, showcasing cutting-edge innovations in glass and façade technology.

It enhanced brand visibility and provided a platform for global collaboration, connecting exhibitors with key industry leaders and decision-makers.

FUTURE ARCOLOGIES DESIGN COMPETITION

The Future Arcologies Design Competition finals, in partnership with the University of Architecture Ho Chi Minh City, featured 12 finalists presenting innovative glass and façade solutions.

Their designs showcased the future of sustainable architecture, highlighting the creativity of emerging architects and designers.

Event Highlights

MEET & MATCH LOUNGE

The Meet and Match Lounge, powered by Jublia. With the ability to explore the exhibition floor, schedule meetings with key leads and buyers, and connect in a dedicated space, attendees made valuable connections and engage in meaningful discussions, driving future business opportunities.

GLASS ALLIANCE

The Glass Alliance, a dynamic network of Southeast Asian glass associations, served as a hub for industry professionals to connect, share insights, and explore innovative advancements, while strengthening regional standards.

WELCOME NETWORKING NIGHT

The Welcome Networking Night, co-hosted with the Vietnam Glass Association for its 20th anniversary, offered an exclusive, invite-only opportunity to connect with industry leaders and innovators.

The event celebrated the Vieglass's achievements while fostering valuable connections to shape the future of the glass and fenestration industry.
