

FOR IMMEDIATE RELEASE

**Official Registration Now Open for Glasstech Asia & Fenestration Asia 2025
Southeast Asia's Premier Glass and Façade Event Returns to Jakarta**

BSD City, Indonesia – [21 August 2025] – Registration is now open for the **21st edition of Glasstech Asia** and the **8th edition of Fenestration Asia** (together, **Glasstech Asia & Fenestration Asia 2025**), taking place **6–9 November 2025** at the **Indonesia Convention Exhibition (ICE), BSD City**. The event will bring together the full spectrum of the glass and façade industries, connecting **manufacturers, suppliers, architects, developers, contractors, and industry professionals** from across Asia and beyond.

With a focus on **innovation, sustainability, and cross-border collaboration**, the exhibition will showcase **the latest technologies, materials, and solutions from over 200 leading exhibitors**. With more than **4,000 trade visitors expected**, it is the ideal platform to network and build business relationships.

Event Highlights

Asia Façade & Glass Conference 2025

In collaboration with the Indonesian Façade Association (PERAFI), the three-day Conference will gather architects, engineers, developers, and industry leaders to explore design innovation, sustainable materials, advanced glass technologies, and digital tools shaping Indonesia's buildings of tomorrow. Guided by the themes **Harmonizing Nature and Architecture, Shaping Indonesia's Skyline, and Tomorrow's Vision**, the conference will provide practical insights, forward-thinking solutions, and real-world case studies.

Innovation Pitching Forum

The Innovation Pitching Forum showcases cutting-edge advancements in the glass and façade industry. It provides exhibitors with an exclusive platform to present sustainable innovations to an engaged audience, while visitors, buyers, and industry leaders connect, explore transformative solutions, and gain insights to drive business growth.

Façade Design Competition – Future Arcologies

Architects, designers, engineers, and students are invited to reimagine Indonesia's façades using advanced materials, energy-efficient strategies, and building-integrated photovoltaics (BIPV), promoting sustainability and innovation in tropical urban environments.

Glazing Competition 2025

A live, hands-on challenge highlighting craftsmanship, technical skills, and safety practices of façade installation teams, with participants competing in real-time, timed tasks.

Strategic Networking Opportunities

Meet with leading regional buyers from key Southeast Asian markets through the enhanced Hosted Buyer Program and tailored business matching activities, designed to maximize networking potential and create meaningful business connections.

Business Matching Programme

A tailored service connecting exhibitors with relevant business partners to maximize networking opportunities and generate meaningful commercial outcomes.

Powered by BAU – Connected Globally

Glasstech Asia & Fenestration Asia 2025 is proudly powered by **BAU**, the world's leading trade fair for architecture, materials, and systems. As part of the **global BAU Network**, participants gain **direct access to international expertise, market insights, and collaboration opportunities**. Support from the **Singapore Glass Association** and the **Glass Alliance** further reinforces the event's position as **Southeast Asia's strategic platform for industry advancement**.

Why Attend

From **raw material suppliers to design consultants and end-users**, Glasstech Asia & Fenestration Asia 2025 offers:

- Access to **cutting-edge products and technologies**
- Insights from **industry thought leaders and real-world case studies**
- Opportunities to **forge partnerships, explore investments, and strengthen professional networks**

Visitor Registration Now Open
