DECEMBER 2024

ASIA FAÇADE & GLASS CONFERENCE 2024

As an integral component of Glasstech and Fenestration Asia's educational community, the upcoming two-day conference anticipates the participation of over 2,000 professionals from the Southeast Asian built environment sector. This event offers a vital platform for individuals within the glass and façade industry to stay abreast of the latest market trends and innovations, thereby ensuring their competitiveness in this rapidly evolving field.

When crafting your abstract, consider the overarching themes, the preferred learning methods of your audience, and the most effective format for delivering your message.

- **Glass Façade -Direction on the Openness of Lean Construction Implementation Framework In Vietnam**
- **Regional Trends for Growth and Convergence in ASEAN**

The conference explores how Vietnam's architecture can embrace sustainability through innovative glass facades and efficient Lean Construction practices, all while considering the latest regional trends in green design.

Target Audience: Architects, Builders, Engineers, Traders, Glass and Façade Business Owners, Glass Processors, Manufacturers, Contracting and Consulting Providers, etc.
